Skeeters Buzzing All Parts County

The noisy buzz of hordes of mosquitoes which showed up following a current rainy spell is reaching the ears of county commissioners in the form of complaints from residents who have been bitten by the invaders.

The commission Monday instructed the county engineer and the mosquito control department to take to the air in an attempt to get rid of the pests.

Take to aerial spraying, that is if the idea is found to be feasible and if funds are available to finance the attack.

Fireworks Show Planned For 4th

As usual the Pahokee Lions club will serve a barbecue during late afternoon and the plate with delicious barbecue will contain the regular addition of baked beans and cold slaw. If you plan to attend the fireworks display why not go a little early and participate in the splendid food to be served by the Lions.

The fireworks display is sponsored annually by the Pahokee Chamber of Commerce.

Don't Move Hiway Say Folks On A1A

A storm of protest was registered before county commission this week over a proposal to relocate a section of ocean road between Juno Beach and Jupiter—a project planned by private financing.

Owners of the land along the ocean had asked the commission to approve moving the section of road westward and abandoning the present roadway.

Result of the session which lasted well into the noon hour, was a pledge to residents of the Juno Beach-Jupiter area that nothing would be done about moving the road until the proposal had been given further study.

Commissioner E. F. Van Kessel, Juno Beach, upon permission of the board of confer with private land owners who forwarded the plan, to determine that if the move is made the public would have access to the beach in the area.

Commissioner Van Kessel said he favored helping private developers since doing so, much valuable land could be placed on the tax roll. He added, however, that before lending his support to such a move, he wanted assurance that the public and county is protected.

Principal objection to the project (Continued on page 8).

House Passes New Sugar Quota Bill

WASHINGTON, D. C.—The U. S. House of Representatives passed the sugar bill, which will give U. S. growers a bigger share of the American sugar market.

Florida and Louisiana are major sugar-growing areas of the country with recent expansion programs making the Sunshine State a major source of sugar cane. U. S. Sugar Corporation, based at Clewiston, is the state's largest producer of raw sugar from the cane.

Through the use of marketing controls the House bill parcels out among domestic growers and among 25 specified foreign sugar producing areas the three-million-ton quota which Cuba enjoyed before Fidel Castro seized power.

Domestic producers who now supply about 54 per cent of U. S. sugar needs would get a new quota of nearly 60 percent of the market. The new quotas will go into effect July 1 if the bill is passed by the Senate in the meantime.

Kautz Will Run CP Water Plant

The water plant in Canal Point owned and operated by the United States Sugar Corporation for nearly 40 years has passed into the hands of new owners and operation by them will start on July 1. Henry Kautz, local plumber and electrician, will be the president of the new concern and general manager of the water plant and its operation.

Mr. Kautz said that plans call for expansion of the service to a point two miles north of the present plant site. The two mile addition to the water line will take it to the residence of Albert J. Fremd, immediately north of the Quality Market operated by Wade Ammons.

Water lines will also be extended to the newly proposed sub-division Addition No. 2 to the Canal Point Townsite. Mr. Kautz said that his present water customers south of the West Palm Beach canal, being presently served from the Stuckey water plant under lease to Mr. Kautz, will be served from the up-town plant.

It was pointed out by the new operator that plenty of water will be available for the proposed expansion because the Bryant plantation of the U. S. S. C. will be taken off the present plant in Canal Point. The sugar company recently completed a new three-quarter of a million dollar water plant for the new mill and their water customers at Bryant and surrounding area.

The name of the new operating company is Canal Point Water and Utilities. A letter is being sent to all customers this week. A part of that letter is printed hereafter:

For one family unit the rate will be \$4.00 for the first 3,000 gals. and 40c for each additional 1,000 gals. Where more than one unit is served by one meter the rate will be one half more than the minimum rate. That is for two units the minimum rate would be \$5.00 for 4,500 gals., etc.

Bills are due when presented and past due after the 10th of the month. After 60 days non-payment, service will be interrupted without further notice.

A deposit of \$10.00 will be required for each family unit. Business deposits will be based on previous water bills. All deposits should be paid by the 10th day of July, 1962.

Hurricane Info To Be Available

Congressman Paul Rogers has been assured by the U. S. Weather Bureau, and the Army Corps of Engineers, that both Federal agencies have taken all steps necessary to protect life and property in the event of a hurricane strike during the current season.

Rogers had requested the Weather Bureau and the Engineers to report to him on their preparedness.

"The Weather Bureau reported they will again have the support of the hurricane reconnaissance squadrons of the Air Force and Navy, as well as ship and island stations and the meteorological satellite for early detection and tracking of storms," Rogers said. "The Bureau's coastal radar network which was completed last year, is in readiness and will be supplemented by military radar installations in the Bahamas and the mainland."

"The Bureau indicated that the Florida Defense Network (FM) which was used very successfully in communicating warnings to the public in Hurricane 'Donna' will again be available through the generous cooperation of Florida Broadcasters. Through this network, the National Hurricane Center at Miami can broadcast directly to the public virtually everywhere in Florida."

The U. S. Army Corps of Engineers reported to Congressman Rogers that they are in a state of readiness for any emergency, including preparation for foods, and are continuing their liaison and coordination with all other Federal and State agencies.

*"Today we need a nation of Minute Men
citizens who regard the preservation of freedom
as a basic purpose of their daily life"*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration
as the 35th President of the
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unremitting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

The First Independent Missionary Baptist Church of Chosen was the setting on Sunday, June 17, for the wedding of Miss Evelyn Ann Stacy, daughter of Mr. and Mrs. J. D. Stacy of Bryant and Jerry Thomas Rushing, son of Mr. and Mrs. George Rushing of Pahokee.

The double-ring ceremony was performed by the Elder E. L. Johns, pastor of the church, before an altar flanked by arrangements of white gladioli and pompons in cathedral baskets against a background of palms and fern. Family pews were marked with love-knots of white satin ribbon.

Mrs. E. L. Johns, pianist, played the traditional wedding marches and Miss Betty Johnson, vocalist, sang "O Promise Me" and "Whither Thou Goest".

The bride, given in marriage by her father, was lovely in a floor length gown of white nylon lace over taffeta, featuring a sweetheart neckline with princess style bodice and long sleeves ending in lily points over her hands. Her veil of silk illusion was attached to a crown studded with seed pearls and tiny roses. Her nosegay bouquet was of white roses centered with a white cattleya orchid.

Miss Lana Frierson of West Palm Beach, maid of honor, wore a white waltz length crepe embroidered in lavender with matching headpiece and carried a nosegay of pink carnations.

George Rushing, brother of the groom, served as best man. Ushers were Cecil Rushing, brother of groom, and Wayne Stacy, brother of the bride.

For her daughter's wedding, Mrs. Stacy chose chiffon over taffeta in romance blue with white accessories. The mother of the groom wore an embroidered beige sheath with beige accessories. Both Mrs. Stacy and Mrs. Rushing wore pink carnation corsages.

The parents of the bride held a reception in the social hall of the church immediately following the ceremony. The bride's table was laid with a cloth of lace over pink satin and centered with an arrangement of pink hibiscus and fern. Appointments were of crystal. Miss Linda Livingston served portions of the wedding cake, Miss Janette Harrington presided at the punch bowl and Miss Benita Johns was in charge of the bride's book.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{3}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my H Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your H Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you want automatically deducted every pay day. The Bonds you buy by installment are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

Christian Science Group Of Canal Point

How the Christ, Truth, brings freedom from sickness and sin will be brought out at Christian Science church services this Sunday.

Scriptural readings in the Lesson-Sermon entitled "Christian Science" will contain this verse from Jeremiah (17): "Heal me, O Lord, and I shall be healed; save me, and I shall be saved: for thou art my praise."

A correlative citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 142): "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that, today, as yesterday, Christ casts out evils and heals the sick."

Nassau Is Scene For Hatton Couple

Mr. and Mrs. Robert Thor Hatton are honeymooning, this week, at the British Colonial Hotel in Nassau, following a wedding ceremony, last Friday June 22, at the First Baptist Church in Pahokee.

Mrs. Hatton is the former Peggy Ann McElhenny, daughter of Mr. and Mrs. George Coleman McElhenny, Sr. of Pahokee. The bridegroom is the son of Robert C. Hatton of Pahokee and Mrs. Ruth Hatton of Ft. Pierce.

Rev. Guthrie Colvard, pastor, performed the double ring ceremony before an altar decorated with tall baskets of white gladioli and mums against a background of palms. The family pews were marked with bows of white satin ribbon.

Dr. R. Lester Hatton, soloist, sang "O, Perfect Love" and "The Wedding Prayer" accompanied by Miss Alice Elaine Hurt, organist, who played the traditional wedding marches.

The bride, given in marriage by her father, wore a gown of embroidered nylon over silk taffeta with full ballerina-length skirt and fitted bodice, fashioned with short sleeves and square neckline edged with iridescent sequins. Her fingertip veil of silk illusion was attached to a crown of pearls and she carried a white Bible topped with a cascade arrangement of white carnations and white satin streamers.

Miss Kathy Wilson, maid of honor, and the bridesmaids, Miss Carol Mae Hatton, sister of the bridegroom, Miss Myra Jones and Mrs. Penny Sasser Clark wore identical gowns of orchid taffeta over net with shirred round neckline at the front, dipping into a V-point at the back. The bell-type skirt, gathered at the side, featured a large rose of matching material at the waistline. A shoulder length veil fell from a shirred crown of matching material. They carried cascade bouquets of pink carnations.

Roger Hatton, brother of the groom, was best man. Ushers were George C. McElhenny, Jr., brother of the bride, Ray Hatton, cousin of the bridegroom, and Johnny Smith.

A reception was held in the social hall of the church immediately following the ceremony. The refreshment table was laid with an imported cloth of embroidered linen and centered with an arrangement of orchids and fern. Those assisting were Mrs. Ernest Maxwell, Mrs. James H. Wilson, Mrs. Ellis Hall, Miss Tina Maxwell, Miss Yvonne Thompson, Miss Alice Joy Wilson, Miss Olga Sheffield, Miss Brenda Kaye Urwin and Mrs. R. C. Ackery of Miami.

The bride and groom are both graduates of Pahokee High School. She attended Palm Beach Junior College and is presently employed by Hatton Bros., Inc. Mr. Hatton is engaged in farming in the Glades area. Following their wedding trip the couple will be at home at 2271A Bacom Point Road, Pahokee.

Don't Move Hiway —

(Continued From Page 1) — posal centered around the fact that moving the road westward would take away a scenic drive and destroy a tourist attraction. Objectors feared private interests would build along the beach and cut off the ocean view entirely as has been the case in so many other areas of Florida coastal section.

The objectors did agree that if access to the beach was protected in some manner they would find no fault in lowering and relocating the road.

The commission said nothing would be done until another public meeting was held.

Guests, in addition to the honorees, were Rev. and Mrs. Guthrie Colvard, the Misses Kathy Wilson, Alice Hurt, Tina Maxwell, Carol Mae Hatton and Myra Jones; Mrs. Penny Sasser Clark, Dr. R. Lester Hatton, Ray Hatton, Roger Hatton, George McElhenny, Jr., Johnny Smith and James Bryant.
